### HOW TO FIND THE ROOMS IN THE UNIVERSITY

Enter the building at the entrance on the right hand side.

Go up the stairs in the corner in the back on the right.

Then go up the stairs in front of you and you are almost there.

Upstairs you turn left for the room B302 and you continue the corridor for the rooms G123 and G117.

Continue the corridor until there is a door on the left leading to a staircase.

Go down the stairs.

When you are on level 1, go through the door on the right.

In this corridor you find the room G123 on the left hand side. For G117, you have to go until the very end of the corridor.
